STEP CHANGE IN SAFETY

Presenter's Name: Dave Nicholls & Euan Simpson

27th May 2010 – MSF All Members Meeting

Objectives

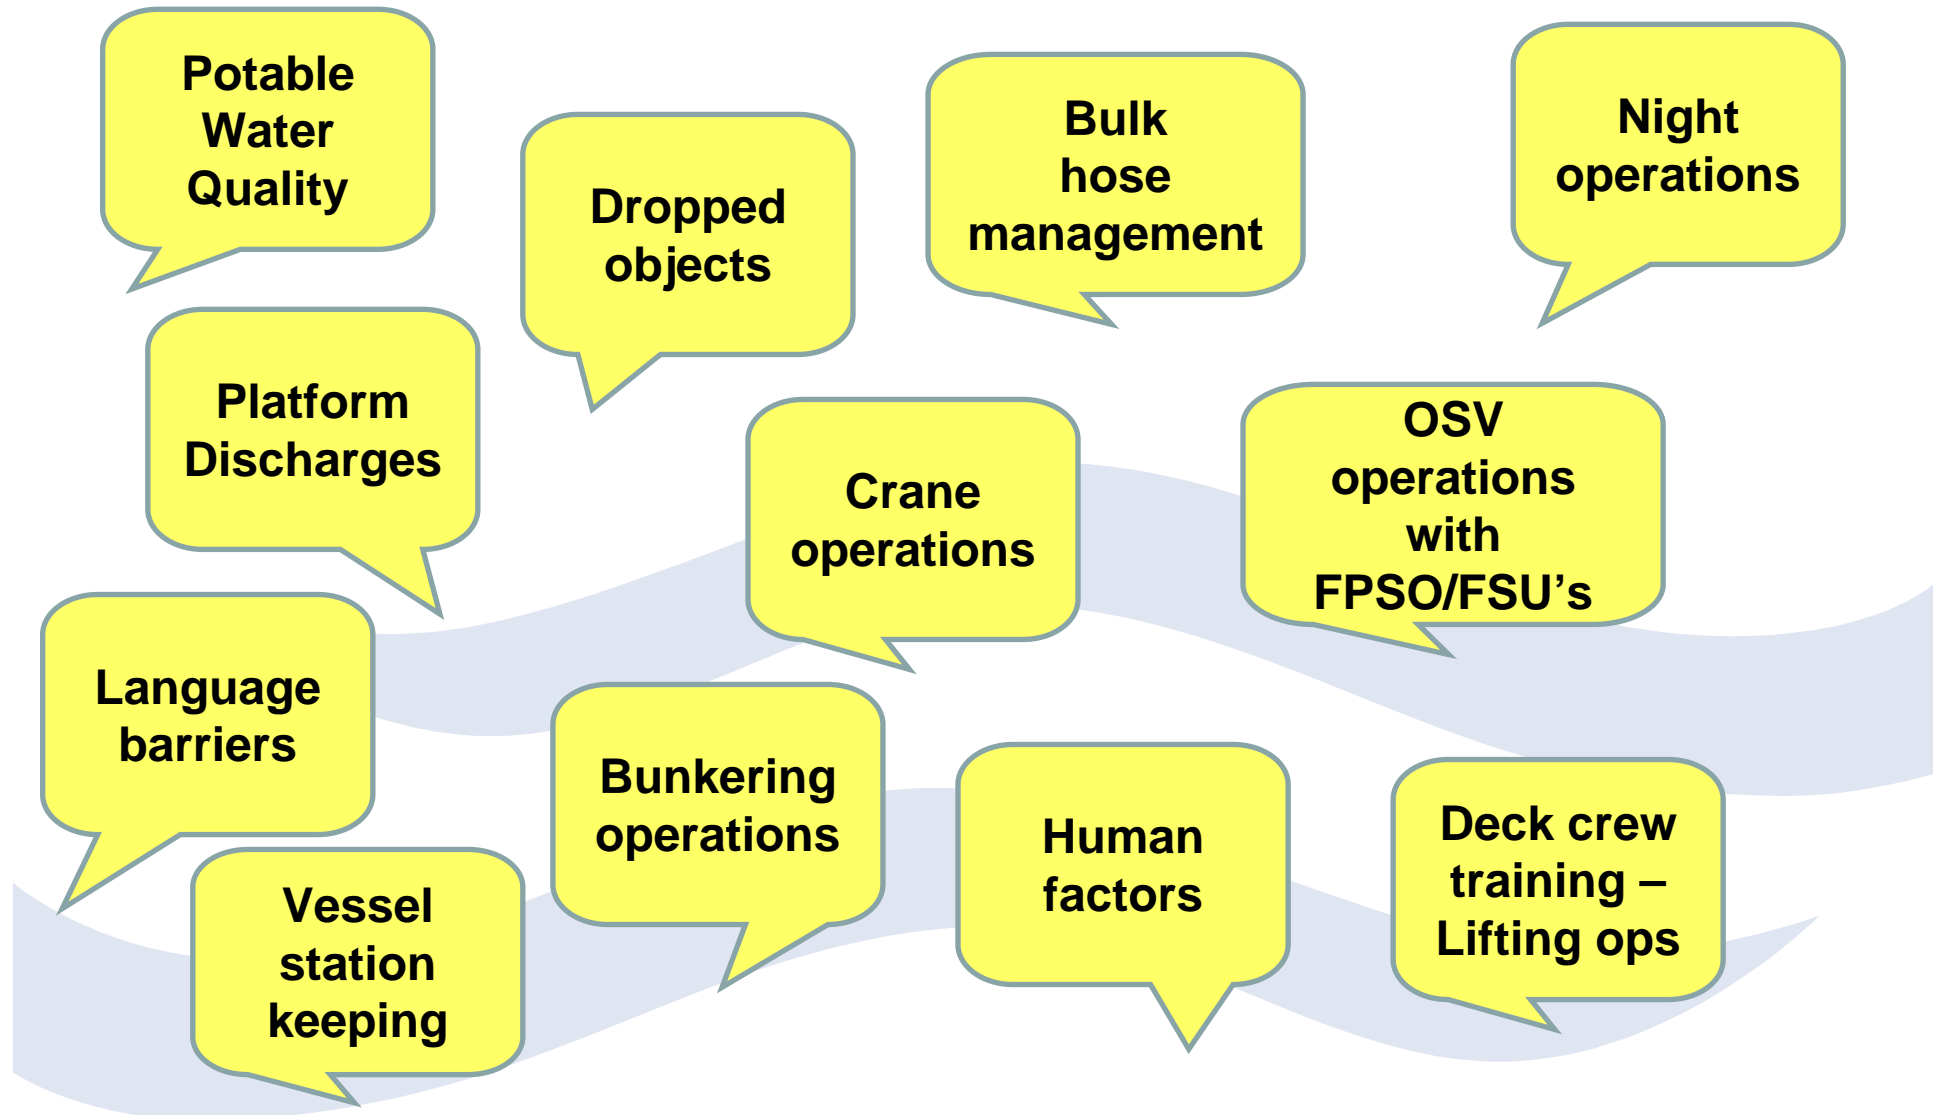

- Joint MSF / Step Change event planned for September 15th
 - Raise awareness of health and safety issues at the vessel – installation interface
 - Promote direct communication between vessel operators and installation operators/duty holders on key health and safety issues at the vessel – installation interface
 - To further develop the working relationship between MSF and Step Change on overlapping health and safety issues

Plans

- Installation's views already captured by Step Change
- What topics/issues should be considered for the agenda?
- Volunteers for Presentations

Step Change Suggestions

Feedback

- Feedback forms on tables
- Record your top three topics/issues
- Leave on tables for collection at end of day
